the Opportunities and Growth  
Potential of the  
African Continent"

## CLOSING THE GAP ON THE RACE TOWARDS THE LAST FINANCIAL FRONTIER

This year's event will focus on helping businesses to harness billions in investment opportunities in the new emerging economies of Africa. The Continent has 11 out of the 20 top fastest growing economies in the world. The AGED Summit is for business professionals, investors, alumni, and students who want to enhance their knowledge of the key drivers moving Africa forward and to position themselves to take advantage of those emerging opportunities. The AGED Summit provides the beginning blueprints of a plan towards economic growth for businesses and entrepreneurs looking for new ideas, partnerships, company expansion and investment opportunities. Featured industries include: Health Care, Aviation & Transportation Fuels, Agriculture, Renewable Energy, Environmental Justice, Education, Power Generation, Water Resources, Mining, and Telecommunications.
